The average cost per student, per year, of college in the U.S. is

 **\$35,551³**

Realizing your dream

The average American mortgage loan is

\$453,000⁴

The average remaining mortgage balance is

\$220,380⁵

Replacing employment income

of Americans bought life insurance for income replacement⁶

Only **\$168,000**

The average size of a new individual life policy⁶

Customizable life insurance plans

Trust our affordable and dependable solutions to cover exactly what you need and help you save for what's most important, whether you want peace of mind for children's college funds, mortgage protection or supplemental income in the future.

Life insurance on your own terms

Select-a-Term policies are based on the idea that your policy should be for the amount you need and the length of time you need it, not just arbitrary increments in nice, even numbers.

Buy only what you need

Save money and target your financial goals with the flexibility of Select-a-Term. Don't overpay for a longer term than you can need.

Convertibility

Select-a-Term policies can fully convert to a permanent policy up to the end of the level-premium period (or attainment of age 70, whichever comes first) without additional underwriting.

To learn more about how you can purchase life insurance on your own terms, contact your financial professional.

1. Savings reflect a 21 year versus a 25-year Select-a-Term® \$1 million policy for a male, age 43, preferred plus underwriting class. Premium rates current as of February 21, 2023, rates may vary by state. Please check with your financial professional for the current rate. Premiums available for other rate classes, ages and payment plans. Premium charges depend on evidence of insurability. The death benefit decreases immediately following the level term period. The post-level term period premiums generally remain the same immediately following the level term period but often become greater in ensuing years. See your policy for details.
