What makes AU+ better?

Client benefits:

- Opportunity for no exam, labs or attending physician statement (APS)
- Real-time exam decision if labs are needed, with ability to schedule exam immediately at conclusion of tele-interview
- Available with QoL Advantage applications

Financial Professional benefits:

- Easy processing: Fewer requirements to gather
- Same great products: No changes to compensation or features
- Available for online processing and agent-completed Part B with iGO full eApp: Faster submission for faster commission

If we are unable to make an underwriting decision based on the AU+ process, your client will automatically move to full underwriting which will include an in-person paramedical examination with blood and urine samples. Corebridge Financial will be responsible for scheduling these medical requirements. No further action is required.

"Agile Underwriting+" or "AU+" as described in this document, refers to a streamlined underwriting process that provides a path to policy approval that may not require an in-person paramedical examination.
