

## Combining valuable features from a GUL and an IUL.

### Value+ Protector is an attractive bridge product between a GUL and cash accumulation IUL.

With a Value+ Protector policy, your clients can have the security of a guaranteed death benefit, like traditional GUL products, while also providing flexibility and meaningful cash accumulation that is found in Index Universal Life (IUL) products.

It also offers death benefit guarantees to life expectancy or longer, cash accumulation, plus valuable access to cash features. All for the same premium as a GUL!

#### More attractive features.

- **Strong Index Performance** allows for withdrawal of excess cash value, either in policy year 20 or at age 85, **with no decrease in the death benefit amount or guarantee duration**, if policy cash surrender value exceeds benchmark assumptions due to strong index performance. May also use excess cash value to purchase additional paid-up life insurance.<sup>1,2</sup>
- **Excess Funding** allows for withdrawal of excess premium in policy year 20, **with no decrease in the death benefit amount**, if additional premiums exceed the benchmark premium.<sup>3</sup>
- Account value enhancement of 0.75% guaranteed beginning policy year 6, but available on a non-guaranteed basis up to 0.80% when using the MLSB.<sup>4</sup>
