Living Benefits from Life Insurance

Accelerated Benefits Riders

Why would you buy life insurance for only the death benefit, just because that is the traditional way it was used?

With **Quality of Life...Insurance**[®] you don't have to! The living benefits are included automatically in every life insurance policy in the portfolio, even term!

Without proper planning, a serious accident or illness could rob you of your financial independence.

Help make sure that you and your family are protected in the event of a chronic, critical, or terminal illness.

Quality of Life...Insurance provides peace of mind by offering the value of living benefits built into every Quality of Life...Insurance product.

Benefits based upon type of life insurance¹

Invasive Cancer	NO	YES
Heart Attack	NO	YES
Stroke	NO	YES

¹ Traditional life insurance is designed to provide cash for dealing with the adverse financial consequences of the insured's death. Under current federal income tax laws and with certain exceptions, life insurance typically provides favorable tax treatment. Death benefits are generally income tax free to the beneficiary. Consult your tax advisors for your specific factual situation. Quality of Life Insurance may be more expensive than traditional life insurance. Both forms of insurance could be beneficial depending upon your personal financial goals.

Important Consumer Disclosures Regarding Accelerated Benefit Riders

- Critical Illness Accelerated Death Benefit Rider
- Chronic Illness Accelerated Death Benefit Rider
- Terminal Illness Accelerated Death Benefit Rider

- (1) When filing a claim for Qualifying Critical Illness under a Critical Illness Accelerated Death Benefit Rider, for Qualifying Chronic Illness under a Chronic Illness Accelerated Death Benefit Rider or for Qualifying Terminal Illness under a Terminal Illness Accelerated Death Benefit Rider, the claimant must provide to the Company a completed claim form and then-current Certification which must be received at its Administrative Center.
- (2) If a benefit under the Critical Illness Accelerated Death Benefit Rider is payable, the Company will provide the Owner with one (1) opportunity to elect a Critical Illness Accelerated Benefit Amount as to the occurrence of the Qualifying Critical Illness in question. To make such an election, the Owner must complete an election form and return it to AGL within the Election Period set forth in the rider (i.e., within 60 days of the owner's receipt of the election form).
The Company will not provide a later opportunity to elect a Critical Illness Accelerated Benefit Amount under a Policy as to the same occurrence of a Qualifying Critical Illness.
- (3) If a benefit under the Chronic Illness Accelerated Death Benefit Rider or under the Terminal Illness Accelerated Death Benefit Rider is payable, the Company will provide the Owner with an opportunity to elect a Chronic Illness Accelerated Benefit Amount as to the occurrence of the Qualifying Critical Illness in question, as applicable. To make an election, the Owner must complete an election form and return it to AGL within 60 days of the Owner's receipt of the election form.
- (4) **Under certain circumstances where an insured's mortality (i.e., our expectation of the insured's life expectancy) is not significantly changed by a Qualifying Critical Illness or a Qualifying Chronic Illness and, notwithstanding the Minimum Accelerated Benefit Amount provision, the accelerated benefit may be zero.**
- (5) See your policy for applicable requirements concerning claim and election forms for accelerated death benefits.

- (6) Benefits payable are intended to receive favorable tax treatment under IRC Section 101(g); however, under certain circumstances, the benefits payable may be taxable. Neither American General Life Insurance Company nor any agent representing it is authorized to give legal or tax advice. Please consult a qualified legal or tax advisor regarding questions concerning the information and concepts contained in this material.
- (7) Generally, we will send you an IRS Form 1099-LTC if you receive an accelerated death benefit on account of a Chronic Illness or a Terminal Illness. We will send you an IRS Form 1099-LTC if you receive an accelerated death benefit on account of a Critical Illness.
The sum that will be included in Box 2 (Accelerated death benefits paid) of IRS Form 1099-LTC or in Box 1 (Gross distribution) of IRS Form 1099-R will be the actual sum you received by check or otherwise minus any refund of premium and/or loan interest included with our benefit payment plus any unpaid but due policy premium, if applicable, and/or pro rata amount of any loan balance.
- (8) The maximum amount of life insurance death benefits that may be accelerated as to an Insured Person under all accelerated benefit riders is the lesser of the existing amount of such death benefits or a lifetime maximum of \$2,000,000.
- (9) See your policy for details.

NOT Long-Term Care Insurance

This is a life insurance benefit that also gives you the option to accelerate some or all of the death benefit in the event that you meet the criteria for a qualifying event described in the policy. This policy or certificate does not provide long-term care insurance. This policy or certificate is not a Medicare supplement policy.

An accelerated death benefit such as the Chronic Illness Accelerated Benefit Rider and long-term care insurance provide very different kinds of benefits:

An accelerated death benefit is a rider to or other provision in a life insurance policy that permits the policy owner to accelerate some or potentially all of the death benefit of a life insurance policy if the insured meets the definition of having a chronic illness as defined in the rider or policy provision. Acceleration of death benefits and payments under such an accelerated death benefit will reduce the death benefit of the policy and reduce other policy values as well, potentially to zero. If the entirety of the insurance amount is accelerated, the policy terminates.

A Long Term Care insurance policy is any insurance policy, certificate, or rider providing coverage for diagnostic, preventive, therapeutic, rehabilitative, maintenance, or personal care services that are provided in a setting other than an acute care unit of a hospital. Long-term care insurance includes all products containing any of the following benefit types: coverage for institutional care including care in a nursing home, convalescent facility, extended care facility, custodial care facility, skilled nursing facility, or personal care home; home care coverage including home health care, personal care, homemaker services, hospice, or respite care; or community-based coverage including adult day care, hospice, or respite care. Some ABRs and all LTCI are conditioned upon the insured not being able to perform two or more of the activities of daily living or being cognitively impaired. The activities of daily living are bathing, continence, dressing, eating, toileting, and transferring. Long-term care insurance includes disability based long-term care policies but does not include insurance designed primarily to provide Medicare supplement or major medical expense coverage.

If you are interested in long-term care, nursing home or home care insurance, you should consult with an insurance agent licensed to sell that insurance or inquire with the insurance company offering the accelerated death benefits.

If you choose to accelerate a portion of your death benefit, doing so will reduce the amount that your beneficiary will receive upon your death.

Receipt of accelerated death benefits may affect eligibility for public assistance programs, such as Medicaid. Prior to electing to receive the accelerated death benefit, you should consult with the appropriate social services agency concerning how receipt of accelerated death benefits may affect that eligibility.

If the policy terminates, the Chronic Illness Accelerated Death Benefit Rider will also terminate.

LTC expense reimbursement vs. ADB benefits are paid without receipts. LTC benefits are based on benefit levels and a pool of money selected at the time of purchase, and ADB benefits depend on the life policy value. ADB benefits will reduce the death benefit that the policyholder's heirs will receive, and the use of the ADB proceeds is unrestricted, whereas LTC benefits will not reduce the death benefit that the policyholder's heirs will receive and the policyholder must use LTC benefits for LTC services.

Accelerated Access Solution (AAS)

This is a life insurance benefit that also gives you the option to accelerate some or all of the death benefit in the event that you meet the criteria for a qualifying event described in the policy. This policy or certificate does not provide long-term care insurance. This policy or certificate is not a Medicare supplement (policy or certificate).

The Accelerated Access Solution (AAS) is an optional living benefit rider that is available on the insurance policy issued by American General Life Insurance Company (AGL), Houston, TX except in New York, where issued by The United States Life Insurance Company in the City of New York (US Life). The Accelerated Access Solution is a life insurance rider that accelerates a portion of a policy's death benefit when an insured meets the health impairment criteria set forth in the rider.² Control over how money is spent is up to the policy holder: There are no receipts required and no restrictions on what the money is used for once the policy owner has been certified as eligible to receive AAS benefits. Benefits are paid directly to the policyholder for as long as the criteria are met, or until the AAS benefit amount is exhausted, whichever occurs first. Acceleration of death benefits and payments under such an accelerated death benefit will reduce the death benefit of the policy and reduce other policy values as well, potentially to zero. If the entirety of the insurance amount is accelerated, the policy terminates.

Payout Options

Three monthly benefit options are available:

- 2% of the AAS benefit
- 4% of the AAS benefit
- IRS maximum per diem

Monthly benefit under any option is capped at the maximum IRS per diem amount at the time claim begins.

Tax Implications

There are no restrictions or limitations on the use of the accelerated death benefit proceeds under the Chronic Illness Accelerated Death Benefit Rider. The accelerated benefits payable under this rider are generally intended for favorable tax treatment under Section 101(g) of the Internal Revenue Code. There may be tax consequences in some situation in accepting an accelerated benefit payment amount, such as where payments exceed the per diem limitation under the Internal Revenue Code. You should consult your personal tax advisor to assess the impact of this Benefit prior to accepting the Benefit.

² Insured must be certified as chronically ill by a Licensed Health Care Practitioner and meet all eligibility requirements and the condition need not be permanent.
