

# Value+ Protector III

(New York only)

## Index Universal Life Insurance

Build financial confidence with a flexible permanent life insurance policy that helps provide cost-effective death benefit for financial protection.

## Top reasons to consider this product

### Lock in cost-efficient death benefit protection

Leverage the IUL product foundation to provide long-term coverage you can count on for family protection or wealth transfer needs.

### Secure living benefits you can use in your lifetime

Optional chronic illness rider available with an additional charge can offer benefits to help cover qualifying chronic illnesses and care expenses – no receipts needed.

### Enjoy peace of mind with Return of Premium (ROP)

Two built-in ROP opportunities<sup>1</sup> to get back the premium payments you've made should your needs change or you no longer need coverage.

### Accumulate and access your cash value with flexible choices

This policy provides two crediting strategies linked to the S&P 500 index with a guaranteed floor of 0%, designed to guard you against market ups and downs. You can access available cash value via loans or withdrawals<sup>2</sup> to meet financial needs of any kind.

### Get coverage that may not require a medical exam

Can be approved and issued without traditional underwriting or medical exams through our **Agile Underwriting+** program. Applicants must be ages 18-59 and applying for \$2 million or less in coverage.

<sup>1</sup> The Return of Premium (ROP) feature is offered at no additional cost and is automatically attached to your policy. Necessary funding levels are required for this rider benefit to be available. Rider benefits are subject to certain limit. See the rider for details.

Assumes the use of withdrawals to basis and/or policy loans. Policy must comply with IRS requirements to qualify as a life insurance contract. Total premiums in the policy cannot exceed funding limitations under IRC section 7702. Withdrawals taken during the first 15 years of the contract may be treated as income first and includible in your income. If the policy is classified as a modified endowment contract (see IRC section 7702A), withdrawals or loans are subject to regular income tax and an additional 10% tax penalty may apply if taken prior to age 59 ½. Distributions will reduce policy values and may reduce benefits, availability of policy loans and withdrawals depend on multiple factors including but not limited to policy terms and conditions, performance, and fees or expenses.

### IMPORTANT CONSUMER DISCLOSURES REGARDING ACCELERATED BENEFIT RIDER

## Accelerated Access Solution (AAS)

This is a life insurance benefit that also gives you the option to accelerate some or all of the death benefit in the event that you meet the criteria for a qualifying event described in the policy. This policy or certificate does not provide long-term care insurance subject to California long-term care insurance law. This policy or certificate is not a California Partnership for Long-Term Care program policy. This policy or certificate is not a Medicare supplement (policy or certificate).

The Accelerated Access Solution (AAS) is an optional living benefit rider that is available on the insurance policy issued by The United States Life Insurance Company in the City of New York (US Life). The Accelerated Access Solution is a life insurance rider that accelerates a portion of a policy's death benefit when an insured meets the health impairment criteria set forth in the rider.<sup>5</sup> Unlike Long-Term Care benefits, control over how money is spent is up to the policy holder. There are no receipts required and no restrictions on what the money is used for once the policy owner has been certified as eligible to receive AAS benefits. Benefits are paid directly to the policyholder for as long as the criteria are met, or until the AAS benefit amount is exhausted, whichever occurs first. Acceleration of death benefits and payments under such an accelerated death benefit will reduce the death benefit of the policy and reduce other policy values as well, potentially to zero. If the entirety of the insurance amount is accelerated, the policy terminates.

#### Payout Options - NY

Three monthly benefit options are available:

- 2% of the AAS benefit
- 4% of the AAS benefit
- IRS maximum per diem

Monthly benefit under any option is capped at the maximum IRS per diem amount at the time claim begins.

#### Tax Implications

There are no restrictions or limitations on the use of the accelerated death benefit proceeds under the Chronic Illness Accelerated Death Benefit Rider. The accelerated benefits payable under this rider are generally intended for favorable tax treatment under Section 101(g) of the Internal Revenue Code. There may be tax consequences in some situation in accepting an accelerated benefit payment amount, such as where payments exceed the per diem limitation under the Internal Revenue Code. You should consult your personal tax advisor to assess the impact of this Benefit prior to accepting the Benefit.

---

<sup>5</sup> Insured must be certified as chronically ill by a Licensed Health Care Practitioner and meet all eligibility requirements and the condition need not be permanent.
