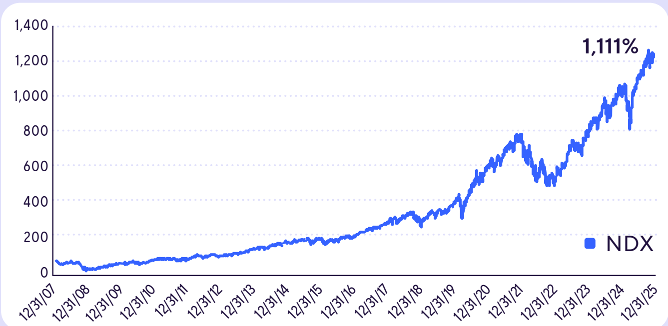
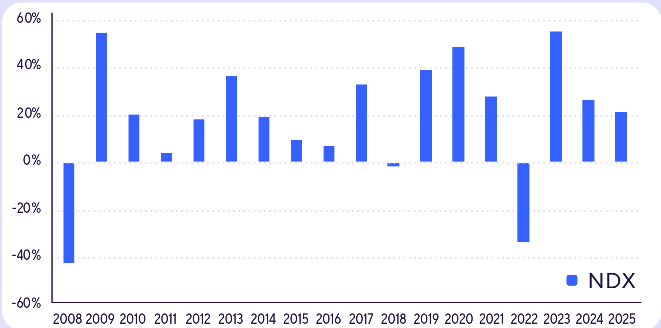
Rebased index (100)



Annual returns



The information contained above is provided for informational and educational purposes only, and nothing contained herein should be construed as investment advice, either on behalf of a particular security or an overall investment strategy. Source: Nasdaq, FactSet, Bloomberg, Morningstar. Data as of December 31, 2025.

The above total index returns do not reflect the amount of interest credited to an index interest account. Actual results for a specific insurance contract depend on the account chosen and the crediting mechanisms, such as index rate caps and participation rates, for the period shown. These mechanisms may limit or reduce the amount of interest earned. Indices are unmanaged and not available for direct investment. See reverse side for more information on the Nasdaq® index interest accounts available.

*Nasdaq-100 index option for Max Accumulation IUL is available in all states except California and New York.

For financial professional or agent use only. Not for use with the public.

Policies issued by **American General Life Insurance Company** (AGL).

Offer a Nasdaq-100 Index interest account for growth potential with downside protection
