

# Guarantee growth of your retirement income

The Power Series of  
Index Annuities®

Lifetime Income Choice®

Not FDIC or NCUA/NCUSIF Insured

May Lose Value • No Bank or Credit Union Guarantee  
Not a Deposit • Not Insured by any Federal Government Agency

Index annuities are issued by **American General Life Insurance Company (AGL)**, a member company of Corebridge Financial, Inc. Guarantees are backed by the claims-paying ability of AGL. Not available in New York.

# Add certainty, choice, and flexibility to your retirement income strategy

The Power Series of Index Annuities offer accumulation and income solutions designed for retirement planning. They can help grow your assets, based partly on the performance of an index, while protecting your principal against market downturns. They also offer lifetime income through annuitization for no additional cost or through a feature known as a guaranteed living benefit (GLB) rider for an annual fee.

## A Power Series Index Annuity with the Lifetime Income Choice GLB rider<sup>1</sup> offers:

### GUARANTEED INCOME GROWTH

**10%**

Income credits every year until lifetime income begins<sup>3</sup>

Lifetime Income Choice provides potentially higher income than many traditional fixed income instruments.

### CHOICE OF TWO LIFETIME INCOME OPTIONS<sup>2</sup>

Max Income Option

Level Income Option

**9%**

Annual withdrawals for more income early in retirement (age 75+, single life)<sup>4</sup>

**8%**

Annual withdrawals for a stable stream of lifetime income (age 75+, single life)<sup>5</sup>

With either option, you have the flexibility to take withdrawals prior to activation and to adjust the number of individuals covered under the rider.<sup>3,5</sup>

Note: Rates are as of January 16, 2024 and subject to change at any time. Please scan the Quick Response (QR) code on page 5 or [click this link](#) to see current rates.

See back cover for Key Terms and Definitions and more information about the Power Series of Index Annuities.

<sup>1</sup> Lifetime Income Choice is automatically included at contract issue in select Power Series Index Annuities for an annual fee of 1.1% of the Income Base.

<sup>2</sup> Max Income or Level Income must be elected at contract issue and cannot be changed after election.

<sup>3</sup> Activation is the decision to begin lifetime withdrawals under Lifetime Income Choice. Annual income credits are amounts that may be added to the Income Base every year and are calculated as a percentage of the Income Credit Base. The Income Base is the amount on which lifetime withdrawals are based; it is not your contract value and cannot be withdrawn. To receive the full benefit of Lifetime Income Choice, withdrawals must be taken within the parameters of the contract. Withdrawals prior to activation and excess withdrawals after activation will reduce your guaranteed income for life.

<sup>4</sup> The 9.00% withdrawal rate for the Max Income option is only effective until the contract value is depleted due to withdrawals and/or fees, after which the Protected Income Payment Percentage (PIPP) is paid. The Max Income option may not provide more cumulative income than the Level Income option.

<sup>5</sup> The maximum amount you can take out per year depends on your age at the time of activation and the number of individuals covered. See bullets and withdrawal table on page 5 for more information.

# Maximize income early in retirement

With the Max Income Option, your Income Base—an amount initially equal to your premium and used to calculate lifetime income—increases by a 10% income credit each year prior to activating income.

## MAX INCOME

**The Max Income option** helps you optimize income during the early years of retirement, when spending tends to be the highest. With high initial withdrawal rates of up to 9.00%, you may need less money to generate the income you want. Plus, should your contract value become depleted, you're guaranteed to receive the Protected Income Payment Percentage (PIPP) of up to 6.00% for life (see hypothetical example below and withdrawal table on page 5).

Year	Age	Interest Earned <sup>6</sup>	Contract Value <sup>7</sup>	Income Credit	Income Base	Annual Income for Life	Annual Income for Life
At issue	60	—	\$100,000	—	\$100,000	—	—
1	61	3.00%	103,000	10.00%	110,000	—	—
2	62	3.00%	104,844	10.00%	120,000	—	—
3	63	3.00%	106,629	10.00%	130,000	—	—
4	64	3.00%	108,355	10.00%	140,000	—	—
5	65	3.00%	110,020	10.00%	150,000	8.00%	\$12,000
6	66	3.00%	99,261	—	150,000	8.00%	12,000
7	67	3.00%	88,179	—	150,000	8.00%	12,000
8	68	3.00%	76,765	—	150,000	8.00%	12,000
9	69	3.00%	65,009	—	150,000	8.00%	12,000
10	70	3.00%	52,899	—	150,000	8.00%	12,000
11	71	3.00%	40,427	—	150,000	8.00%	12,000
12	72	3.00%	27,580	—	150,000	8.00%	12,000
13	73	3.00%	14,348	—	150,000	8.00%	12,000
14	74	3.00%	719	—	150,000	8.00%	12,000
15	75	—	—	—	150,000	6.00%	9,000
16	76	—	—	—	150,000	6.00%	9,000

18	78	—	—	—	150,000	6.00%	9,000
19	79	—	—	—	150,000	6.00%	9,000
20	80	—	—	—	150,000	6.00%	9,000
						<b>Total Income:</b>	<b>\$174,000</b>

- Maximum Annual Withdrawal Percentage (MAWP)
- Protected Income Payment Percentage (PIPP)

### Guaranteed income growth

You're guaranteed to receive a 10.00% income credit every year prior to activation.

### Max Income

You can take out 8.00% at age 65 (single life) or \$12,000 per year until your contract value is depleted.

### Protected income for life

You're guaranteed 6.00% or \$9,000 per year for life once the contract value drops to zero.

Hypothetical example assumptions: Max Income option, \$100,00 premium, issue age 60, single life, 3% interest earned, no withdrawals before activation at age 65 and no excess withdrawals after activation

<sup>6</sup> Interest earned is the interest credited to the annuity each year. It is assumed to be constant at 3% per year in this hypothetical example. Actual interest earned is based on the index interest account selected, the performance of the specific index and any contract provisions such as index rate caps that may limit the upside potential. Interest earned will never be less than zero in flat or down markets.

<sup>7</sup> Contract value will decline due to fees and withdrawals taken within the terms of the rider. Examples assume that no Enhanced Participation Rate accounts with fees are selected.

# Guarantee steady income for life

Like Max Income, the Level Income Option guarantees 10% growth of your retirement income every year until lifetime income begins.

## LEVEL INCOME

**The Level Income option is designed** to provide consistent income for life, even after your contract value is depleted. As the hypothetical example below shows, if you allocate \$100,000 at age 60 and wait 5 years to begin lifetime withdrawals, your Income Base will grow by a 10% income credit each year, increasing to \$150,000 and guaranteeing you \$10,500 for life ( $\$150,000 \times 7.00\% = \$10,500$ ).

Year	Age	Interest Earned <sup>6</sup>	Contract Value <sup>7</sup>	Income Credit	Income Base	Annual Income for Life	Annual Income for Life
At issue	60	—	\$100,000	—	\$100,000	—	—
1	61	3.00%	103,000	10.00%	110,000	—	—
2	62	3.00%	104,844	10.00%	120,000	—	—
3	63	3.00%	106,629	10.00%	130,000	—	—
4	64	3.00%	108,355	10.00%	140,000	—	—
5	65	3.00%	110,020	10.00%	150,000	7.00%	\$10,500
6	66	3.00%	100,806	—	150,000	7.00%	10,500
7	67	3.00%	91,316	—	150,000	7.00%	10,500
8	68	3.00%	81,541	—	150,000	7.00%	10,500
9	69	3.00%	71,472	—	150,000	7.00%	10,500
10	70	3.00%	61,102	—	150,000	7.00%	10,500
11	71	3.00%	50,421	—	150,000	7.00%	10,500
12	72	3.00%	39,419	—	150,000	7.00%	10,500
13	73	3.00%	28,087	—	150,000	7.00%	10,500
14	74	3.00%	16,415	—	150,000	7.00%	10,500
15	75	3.00%	4,393	—	150,000	7.00%	10,500
16	76	—	—	—	150,000	7.00%	10,500
17	77	—	—	—	150,000	7.00%	10,500
18	78	—	—	—	150,000	7.00%	10,500
19	79	—	—	—	150,000	7.00%	10,500
20	80	—	—	—	150,000	7.00%	10,500
						<b>Total Income:</b>	<b>\$168,000</b>

● 7.00% lifetime withdrawals at activation

### Guaranteed income growth

You're guaranteed to receive a 10.00% income credit every year prior to activation.

### Level Income

You can take out 7.00% at age 65 (single life) or \$10,500 per year for life.

### Protected income for life

Your annual income continues, even after your contract value drops to zero!

Hypothetical example assumptions: Level Income option, \$100,00 premium, issue age 60, single life, 3% interest earned, no withdrawals before activation at age 65 and no excess withdrawals after activation

Note: Rates are as of January 16, 2024 and subject to change at any time. Please scan the QR code on page 5 or [use this link](#) to see current rates.

# Benefit from choice and flexibility

Whether you choose Max Income or Level Income, you'll have the opportunity to:

**MORE FLEXIBILITY**

## Adjust the number of individuals protected under Lifetime Income Choice

(single or joint life) to help meet varying income needs, or to address life events like marriage or divorce.<sup>8</sup>

## Take partial withdrawals prior to activating lifetime income

without eliminating the annual income credit or locking in your withdrawal rate for life.<sup>9</sup>

## Increase your income through the Enhanced Income Benefit (Confinement Rider)<sup>10</sup>

if you are confined to a qualified facility such as a nursing home. This rider can boost your income by 200% of your maximum annual withdrawal percentage (MAWP) for single life or 150% of your MAWA for joint life.

## Secure income for life with Max Income or Level Income

Age	Max Income				Level Income			
	Single Life		Joint Life		Single Life		Joint Life	
	MAWP	PIPP	MAWP	PIPP	MAWP	PIPP	MAWP	PIPP
75 and older	9.00%	6.00%	8.60%	5.60%	8.00%	8.00%	7.60%	7.60%
70 to 74	8.50%	6.00%	8.10%	5.60%	7.50%	7.50%	7.10%	7.10%
65 to 69	8.00%	6.00%	7.60%	5.60%	7.00%	7.00%	6.60%	6.60%
60 to 64	6.00%	5.00%	5.60%	4.60%	5.50%	5.50%	5.10%	5.10%
50 to 59	5.00%	5.00%	4.60%	4.60%	5.00%	5.00%	4.60%	4.60%

Scan code for current rates

Note: Rates are as of January 16, 2024 and subject to change at any time. Please scan the QR code or [click this link](#) to see current rates.

Note: Max Income may not generate more cumulative income than the Level Income option. Table Definitions:

- Age is the age of covered person(s) at the time of activation. If there are two covered persons, the age of the younger of the two covered persons is used to determine the withdrawal percentage.
- Single Life and Joint Life refer to the number of individuals covered under the rider.
- MAWP is the Minimum Annual Withdrawal Percentage, the maximum amount you can withdraw each year from Lifetime Income Choice while the contract value is positive.
- PIPP is the Protected Income Payment Percentage, which is the guaranteed percentage that you will receive each year once the contract value is depleted.

<sup>8</sup> If there are two covered individuals, they must be a married couple. Generally, if a change to a covered person occurs upon activation or due to a life event, at least one of the original covered persons must remain on the contract. The new covered person must have been at least 50 as of the original contract issue date and cannot be older than age 80 at the time he or she is added to the contract. Available coverage options may vary depending upon individual circumstances as of the activation date.

<sup>9</sup> Pre-activation withdrawals taken within the parameters of the contract will not reduce the 10.00% income credit rate, but they will reduce the Income Base and Income Credit Base in the same proportion that they reduced the contract value. There are no further income credits after you activate lifetime income.

<sup>10</sup> To be eligible for this benefit, you must hold the contract for at least two years and be confined to a qualified facility for 90 days or more. The enhanced income will not be treated as an excess withdrawal and is available for up to five contract years or the depletion of the contract value, if sooner. This feature is not long-term care insurance and is subject to other restrictions and limitations. See the Owner Acknowledgment and Disclosure Statement for details.

See Key Terms and Definitions on back cover for more information.

### Understanding the Power Series of Index Annuities and Lifetime Income Choice

The Power Series of Index Annuities are fixed index annuities (FIAs) issued by American General Life Insurance Company (AGL). FIAs are not direct investments in the stock market or any particular index. They are long-term insurance products with guarantees backed by the claims-paying ability of the issuing insurance company. In exchange for your money (premium), the FIA provides you with the opportunity to earn interest based on a fixed rate or specific indices without the risk of loss of premium due to market downturns or fluctuations. When you need income, AGL promises to make regular income payments through annuitization that can last 5 years to life or through guaranteed lifetime income under the GLB rider. Lifetime Income Choice is a feature of the Power Series of Index Annuities and cannot be purchased without the index annuity.

### Key Terms and Definitions

**Activation:** The decision to begin lifetime withdrawals under the Max Income or Level Income option. Activation must be requested in writing. At the time of activation, you will have an opportunity to make changes to the number of individuals covered under Lifetime Income Choice. You can also change this coverage prior to activation under specific situations such as marriage, divorce or death. The ability to make changes is subject to certain limitations. The maximum annual withdrawal percentage is determined by the age of the covered person(s) upon activation.

**Death Benefit:** The amount the beneficiary would receive upon death of the contract owner. With Lifetime Income Choice, your beneficiary will receive at least your contract value. Specifying a beneficiary can help avoid the potential costs and delays of probate.

**Eligible Premium:** The money used to purchase the annuity. Eligible premiums are all premiums received in the first 30 days of the contract and do not include income credits. Eligible premiums become your initial Income Base and Income Credit Base.

**Excess Withdrawals:** Withdrawals that exceed the Maximum Annual Withdrawal Amount (MAWA) once lifetime income is activated. Excess withdrawals will eliminate the income credit and reduce the Income Base and Income Credit Base in the same proportion by which the contract value is reduced by the excess withdrawal. If an excess withdrawal reduces the contract value to zero, the contract and rider will terminate and you will no longer be eligible to take withdrawals or receive lifetime income payments.

**Guaranteed Living Benefit (GLB) Rider:** A feature that provides enhanced lifetime income for an annual fee. With a GLB rider, you retain access to your principal, even after the rider is activated and lifetime withdrawals begin.

**Income Base:** The value on which guaranteed withdrawals and the annual rider fee are based; it is not a part of the contract value and cannot be withdrawn partially or in a lump sum. The Income Base is initially equal to the first eligible premium and is increased each time an eligible premium is made. It is also adjusted for withdrawals (prior to activation) and excess withdrawals (after activation). On each contract anniversary, your Income Base may increase with any available income credits.

**Income Credit:** An amount that may be added to your Income Base. It is not a rate of return and is not added to your contract value or death benefit. It is calculated as a percentage of the Income Credit Base. The Income Credit Base and therefore the income credit are reduced proportionately for withdrawals taken prior to activation. An income credit is not available in years an excess withdrawal is taken.

**Income Credit Base:** A component of the rider that is used solely to calculate the income credit.

**Maximum Annual Withdrawal Percentage:** The maximum percentage you can withdraw each year from Lifetime Income Choice (once the rider is activated and while contract value remains positive) without reducing your Income Base and Income Credit Base. Prior to beginning lifetime income, you have the option to take partial withdrawals without locking in your maximum annual withdrawal percentage, but these withdrawals will reduce the value of your Income Base, Income Credit Base and Income Credit. Please see the Owner Acknowledgment and Disclosure Statement for details.

**Protected Income Payment (PIP):** The maximum amount you can receive each year once the contract value goes to zero.

**Single and Joint Life:** The number of individuals covered under the rider. This coverage is elected at the time of contract issue, but may be changed upon activation or under certain situations such as marriage, divorce or death. See the Owner Acknowledgment and Disclosure Statement for more information.

**Spousal Continuation:** Upon death of the contract owner, the spousal beneficiary has the option to continue the contract with the GLB rider benefits, as long as death occurs prior to activation. See the Owner Acknowledgment and Disclosure Statement for more information.

**Withdrawal Charges:** Charges that may apply when certain withdrawals are taken from a Power Series Index Annuity. Please see your contract and the Owner Acknowledgment and Disclosure Statement for more information on company-imposed charges. See below for tax implications of withdrawals.
